while globalization affects the sovereignty of every nation state european countries face special challenges due to the emergence of the european union the state of europe

explores the transformation of ideas of statehood in light of the eu's continued development including rapidly changing notions of democracy representation and citizenship alongside major shifts in economic regulation this book will be an essential guide for students and teachers of economics political science and international relations as well as anyone interested in the expanding role of the eu worldwide

international relations a european perspective presents the main schools of international relations while underlining the added value of the european approach contrary to us or east asian perspectives a european viewpoint adopts a more critical and innovative approach to traditional divides

international relations a european perspective presents the main schools of international relations while underlining the added value of the european approach contrary to us or east asian perspectives a european viewpoint adopts a critical approach to traditional cleavages the author demonstrates the added value of a european approach to international relations taking into account both the shortcomings and achievements found within european history and current european unity key themes include the evolution of state sovereignty regional cooperation between previous enemies political impact of economic integration regimes building international rule setting institutionalization of international relations and the weight of ideas and perceptions by transnational cooperation this comprehensive assessment takes into consideration every school of international relations critically presented from this original perspective and as such makes the book ideal for courses on international relations

this text explores international business economics from a european perspective dealing not only within business in europe but with the external trading relationships of the eu and the position of european firms in a globalized economy an extensive website provides lecturers with support material also available is a companion website with extra features to accompany the text please take a look by clicking below palgrave.com/business/piggott

leading scholars investigate media policies in europe inquiring into the regulatory practices policy tools and institutional features of media policy making in 14 countries the book offers a fresh assessment of the ways european media policies are formulated and identifies the factors that exert an influence throughout the process

this book provides a view into the multi dimensional and multi contextual nature of community policing it brings together important conceptual discussions as well as numerous case studies and real life examples of european community policing practices it further offers insights into how the primarily locally focused concept of community policing fits into an increasingly interconnected world our book is intended for professionals working in community policing academics and policymakers developing community policing procedures in addition the book aims to provide information for readers who are new to the subject of community policing the wide range of examples and case studies make it also an excellent resource for teaching materials

for outsiders the popularity and social sustainability of the extensive scope of nordic welfare states such as the strong role of the state and high levels of taxation remains something of a mystery making use of recent international survey data this important book goes some way towards solving this mystery it underlines the remarkable success of nordic welfare institutions which help to maintain not only low rates of poverty and inequality but high levels of well being trust social capital and political participation jochen clasen university of edinburgh uk nordic welfare states have long enjoyed a leadership position in the provision of social welfare they are now caught up in the current of thorough going reform that is sweeping across europe this book uses data from the european social survey in fresh and innovative ways to demonstrate the resilience of nordic models and to show how political discourses are changing across a whole range of policy areas peter taylor gooby university of kent uk this book addresses the effect that institutional settings typical to the nordic countries have upon people s attitudes and behaviour placed within a european comparative perspective the analyses presented by the contributing authors centre around issues relating to the welfare state politics family and work as well as cultural concerns including economic morality and religiosity despite differences between the nordic countries the overall impression given is of a shared outlook and way of life in the european context the nordic countries particularly stand out as a distinct group therefore demonstrating their institutional similarities providing highly rigorous and up to date data with a wide coverage of topics this book will be of great interest to academics and students in sociology social policy and political science it will also appeal to anyone interested in the nordic countries in general

essays on medieval law including a number of comparative studies on england and the low countries

this second edition has a strong business rather than economic orientation and describes the key features of the european business environment emphasis is placed upon business centred material with only minimal coverage of difficult economic concepts the book covers international business in the context of europe and european companies as well as coverage of the broader global framework to give a balanced account of developments in international business it looks at the impact of the single european market and central and eastern european economies considers the implications for international business of european monetary union and covers green issues business ethics and eu industrial policy

consumer behaviour satisfies the need for a comprehensive accessible and contemporary textbook which gives significant weighting to issues

understanding the new global economy a european perspective argues that globalisation is facing economic and political headwinds a new global economic geography is emerging cross border relationships are changing and global governance structures must come to terms with a new multipolar world this book clarifies the fundamental questions and trade offs in this new global economy and gives readers the tools to understand contemporary debates it presents a range of possible policy options without being prescriptive following a modular structure each chapter takes a similar approach but can also be read as a stand alone piece state of the art academic research and historical experiences are weaved throughout the book and readers are pointed towards relevant sources of information this text is an accessible guide to the contemporary world economy suited to students of international economics political economy globalisation and european studies it will also be valuable reading for researchers professionals and general readers interested in economics politics and civil society

this timely volume discusses the much debated and controversial subject of the presence of religion in the public sphere the book is divided in three sections in the first the public private distinction is studied mainly from a theoretical point of view through the contributions of lawyers philosophers and sociologists in the following sections their proposals are tested through the analysis of two case studies religious dress codes and places of worship these sections include discussions on some of the most controversial recent cases from around europe with contributions from some of the leading experts in the area of law and religion covering a range of very different european countries

including turkey the uk italy and bulgaria the book uses comparative case studies to illustrate how practice varies significantly even within europe it reveals how familiarization with religious and philosophical diversity in europe should lead to the modification of legal frameworks historically designed to accommodate majority religions this in turn should give rise to recognition of new groups and communities and eventually a more adequate response to the plurality of religions and beliefs in european society

as europe moves towards becoming a truly single european market its contribution to global marketing grows this topical text expands upon existing international marketing theory and synthesizes it with colourful examples of relevant international marketing practice topics covered include marketing information systems marketing research product development pricing issues international promotion distribution channels with a strong theoretical framework this informative text draws out the key issues within the developing european union and the role it plays in marketing around the globe its excellent pedagogy including case studies summaries text boxes and a website to run alongside helps make it a valuable resource for academics and professionals alike visit the companion website at routledge.com/textbooks/0415314178

first published in 1997 this volume provides a data rich analysis of the party groups in the european parliament their internal organisation cohesion and coalition behaviour are examined the main argument is that their internal organisation is a crucial factor in explaining the behaviour of ep party groups roll call analysis is used to measure group cohesion and coalition behaviour the concept of representation in the transnational ep is studied by a content analysis of members written questions the concluding section sets the work into a broader context by discussing the future of europarties

consumer behaviour is the first truly european consumer behaviour textbook placing the subject clearly within its economic psychological sociological and historical context the authors provide greater insight for readers by examining both the determinants and the consequences of consumer decision making antonides and van raaij include numerous examples cases and sociodemographic data and provide complete coverage of core topics together with important new ones innovative chapters are included on financial behaviour welfare wellbeing and property families and household production consumption and the environment shopping behaviour the authors explore the full consumption cycle not only the first stages of orientation and procurement but also the

usage and disposal of products consumer behaviour is ideal for both undergraduate and postgraduate students it will also benefit non european students who need to gain a wider understanding of consumer behaviour marketers market researchers public relations officers and government officials dealing with consumer policy will also find it extremely useful

first published in 1999 this volume is a study of regional and local co operation across national borders in denmark finland norway sweden and also of regional co operation out of the area across the baltic sea the north sea and in the barents region the focus of the study is on processes of region building co operation between regions across national borders is seen as a creative process and as something that has to be nurtured and guided the authors recognised the need for a work which examined issues crossing nordic borders and made the information more publicly accessible emerging within evolving discussions of regional governance cross border collaborations and nordic co operation the editors have featured three forms of contributions a series of regional case studies collations of data on sub national governments and relating these sub national factors to debates on nordic co operation and european integration authors with specialist regional knowledge examine these processes in detail through case studies which represent the most important of this type of nordic area and provide a view of what may constitute success in such ventures the authors also discuss what such processes may signify for general nordic co operation against the backdrop of european integration and seek to indicate what nordic regions may bring to european regionalism such a discussion is of particular interest since the eu acquired a new nordic dimension when sweden and finland joined contributors articles focus on areas including the kvarken council the arko co operation the internationalisation of finnish and norwegian local government and the resund region the collaboration was published in english in order to better contribute to discussions on cross border interaction more widely particularly in the case of europe

this book provides readers with a comprehensive understanding of the complex field of modern management with a rich focus on europe s socio economic context an accessible and unique introduction to management it is an ideal starting point for students of international business leadership organizational studies and diversity management
